

featuring such eccentric explorations as:

 ***The 6-foot Unicycle of Severe Discomfort.***

Flyin' Bob risks his assets for your enjoyment.

 ***Celery: Beneficial Roughage? Or... Invitation to Terror!***

Can you imagine Your CEO having celery chopped out of his mouth? (don't tell him... it's a surprise!)

4 people, 3 celery stalks, 2 juggling pins, and... **1 machete!**

 ***The Coin Catch***

Flyin' Bob demonstrates his philosophical approach to money management, risk assessment, positive reinforcement, the importance of failure, and attitude to life in general. Wow! A lot for one trick...

 ***Ping Pong Dans La Bushe***

Ping pong balls appear, disappear, and fly through the air with only the breath to claim responsibility. Hysterically funny...and vaguely nauseating...

 ***And Much, Much More!***

All tied together with Flyin' Bob's hilarious banter. His ability to involve the audience and react to **anything** makes each and every performance unique.

**FOR LARGER EVENTS**

Flyin' Bob adds two spectacular segments to the show, for a truly one of a kind event that people will remember forever.

 ***I Walk the Line*** (highwire, comedy, audience participation)

Flyin' Bob capably walks the 9 foot high, 20 foot long **Tight Wire**, but suddenly things go **HORRIBLY** wrong and Flyin' Bob is challenged to the limits of his ability. No golden parachute can save him now! Will his ego survive intact?

 ***The Sky Writer***

The biggest prop in the show, a 20' long pole with a 60' long rainbow coloured banner creates huge, intense shapes and patterns in the air. The audience is mesmerized, delighted, and sorry when it ends. An astonishing, in the dark, BLACK LIGHT version is also available.

“I continually have people stopping me in the hallway telling me how much they enjoyed your performance. 2200 people came to our function, that is the most we have had in the past 5 years.
